RE: Resolution Authorizing the Village Manager to enter into an Agreement with Miliani Construction Corp for the Kendall Drive Shared Use Path Construction

---

As one of the adopted projects of the Village's Transportation Master Plan approved in 2018, the Kendall Drive Shared Use Path project will connect SW 67 Avenue to Red Road. The project consists of removing the existing 5-foot-wide concrete sidewalk and constructing an 8-foot asphalt path designed to accommodate two-way pedestrian and bicycle traffic.

On November 9, 2021, Village Council authorized the Village Manager to sign an agreement with an engineering firm to design the path and develop construction documents. On November 18, 2024, the Village advertised an Invitation to Bid for a contractor and two bids were received by the deadline:

- Miliani Construction Corp. \$1,010,061.92
- Parsa Corporation \$1,145,563.60

After receiving Local Agency Program (LAP) Certification from the Florida Department of Transportation (FDOT), on April 18, 2024, authorized the Village Manager to enter into an agreement with FDOT for the Transportation Alternative Funding grant in the amount of \$720,000 for the construction of this project. The remaining cost will be funded by the 2023 Capital Improvements Revenue Note.

Based upon staff's evaluation of the bid, and with the approval of FDOT, I hereby respectfully recommend the Village Council adopt the attached resolution awarding the contract for the Kendall Drive Shared Use Path Construction project to Miliani Construction Corp in the amount of \$1,010,061.92.
