SUBJECT: 2023 Transportation Alternatives (TA) Application Results

Dear Mayor Corradino:

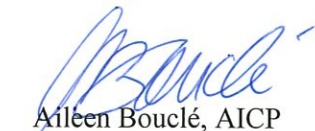

Pursuant to the Florida Department of Transportation (FDOT) correspondence dated May 9, 2023, FDOT, in collaboration with the TPO, has concluded the selection process for the FY 2023 Transportation Alternatives Application Cycle (see attached letter). On June 22, 2023, the Miami-Dade Transportation Planning Organization (TPO) Governing Board passed Resolution #26-2023 approving the attached 2023 TPO List of Priority Projects. The TPO's List of Priority Projects includes the Village of Pinecrest **Ludlam Road Shared Use Path** in the amount of \$1,000,000.00 for Construction in FY 2027.

This project will be included in the Florida Department of Transportation (FDOT) District 6 Fiscal Years (FYs) 2025-2029 Tentative Work Program. After the approval of the Tentative Work Program by the Florida Legislature and Governor, the Miami-Dade TPO will incorporate the project in its FYs 2025-2029 Transportation Improvement Program (TIP) scheduled for adoption Spring 2024.

We appreciate your time and effort in preparing your application and presenting your project to FDOT's scoping committee. Please note that the solicitation for next year's program will be on November 6 of 2023. Should you have any questions, or require additional information, please do not hesitate to contact Maria Teresita Vilches at (305) 375-2069.

Executive Director

Subject: 2023 Transportation Alternatives Application Cycle- Project Funding Recommendations

Dear Ms. Boucle:

The Florida Department of Transportation (the Department) is pleased to inform you that the selection process for this year's Transportation Alternatives (TA) Cycle has concluded. This process was a collaborative effort between FDOT, Miami Dade Transportation Planning Organization's (TPO) committees, and Monroe County's evaluation committee. Please find the attached list of projects that are recommended for programming in FDOT's Tentative Work Program. Projects are programmed dependent on project readiness and funding. Funding is subject to the availability of the federal funds and an annual appropriation by the legislature (the spending authority).

Programming of Miami Dade County projects are pending the TPO Governing Board's approval. Once approved, the TPO will provide notification of the selection status to the various Miami Dade agencies that applied for project funding.

We appreciate the time and effort that all applicants put into preparing and presenting their project to our Districts Scoping committee. FDOT remains committed to the Transportation Alternatives program and looks forward to our continued collaboration with our stakeholders in improving the project selection and prioritization process. Should you have any questions, or require additional information, please contact me at (305) 470-5464 or Daniel.iglesias@dot.state.fl.us.

Sincerely,

DocuSigned by:

Daniel Iglesias, P.E.
