

RESOLUTION NO. 2025-

**A RESOLUTION OF THE VILLAGE OF PINECREST, FLORIDA,
ACCEPTING THE AUDITOR'S ANNUAL COMPREHENSIVE
FINANCIAL REPORT FOR 2023-2024; PROVIDING FOR
AN EFFECTIVE DATE.**

WHEREAS, Caballero Fierman Llerena + Garcia LLP, the Village's auditor, and the Finance Department have prepared the Village's 2023-2024 Annual Comprehensive Financial Report; and

WHEREAS, the 2023-2024 Annual Comprehensive Financial Report has been submitted to the Village Council;

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF PINECREST, FLORIDA AS FOLLOWS:

Section 1. That the 2023-2024 Annual Comprehensive Financial Report, as prepared by Caballero Fierman Llerena + Garcia LLP and the Finance Department, is hereby accepted.

Section 2. This resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED this 11th day of March, 2025.

Joseph M. Corradino, Mayor

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida
12645 Pinecrest Parkway
Pinecrest, Florida 33156

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Pinecrest, Florida (the "Village") for the fiscal year ended September 30, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 17, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Village are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year ended September 30, 2024. We noted no transactions entered into by the Village during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the Village's financial statements was:

Management's estimate of the collectability of accounts receivable is based on historical data. We evaluated the methods, assumptions, and data used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of deposits and investments in Note 2 to the financial statements.

The disclosure of the retirement plan in Note 9 to the financial statements.

The disclosure of other post-employment benefits in Note 10 to the financial statements.

The disclosure of subsequent events in Note 12 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements of the financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 3, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Village's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Village's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management Discussion and Analysis, the Budgetary Comparison Schedules, Schedules of the Village's Proportionate Share of Net Pension Liabilities and Related Ratios and Contributions, and the Schedule of Changes in Total OPEB Liability and Related Ratios, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual nonmajor fund financial statements and the budgetary comparison schedules, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the information and use of Honorable Mayor, Members of the Village Council and management of the Village and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Caballero Fierman Llerena & Garcia, LLP

INTRODUCTORY SECTION

March 3, 2025

To the Honorable Mayor Joseph Corradino
Members of the Village Council and
Citizens of the Village of Pinecrest:

The Government Finance Officers' Association recommends that local governments publish within (6) six months of the close of each fiscal year a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that recommendation, we hereby issue the Annual Comprehensive Financial Report of the Village of Pinecrest for the fiscal year ended September 30, 2024.

This report is consistent with management's representation of the Village of Pinecrest's finances. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, the Village of Pinecrest's management has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Village of Pinecrest's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Village of Pinecrest's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village of Pinecrest's financial statements have been audited by Caballero Fierman Llerena & Garcia, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Village of Pinecrest for the fiscal year that ended September 30, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amount and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Village of Pinecrest's financial statements for the fiscal year ended September 30, 2024, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village of Pinecrest's MD&A can be found immediately following the report of the independent auditors.

PINECREST

Finance Department

Profile of the Government

The Village of Pinecrest was incorporated on March 12, 1996 pursuant to Ordinance 95-207 adopted by the Miami-Dade Board of County Commissioners on November 12, 1995. The Village of Pinecrest occupies a land area of approximately 8 square miles and serves a population of 18,304. The Village of Pinecrest receives tax levies on real and personal properties located within its boundaries.

The Village of Pinecrest has operated under the Council-Manager form of government since its inception. Policymaking and legislative authority are vested in a governing council consisting of the Mayor and four Council Members. The Council is responsible for adopting ordinances, adopting the budget, and appointing the Village Manager, Village Clerk and Village Attorney. The Village Manager is responsible for carrying out the policies and directives of the Council, for overseeing the day-to-day operations of the government, and for appointing department heads.

The Village of Pinecrest offers a wide range of services, including, police protection, maintenance of roadways, parks and recreation, building, planning and zoning and stormwater services. Certain services are provided through other governmental entities such as the Miami-Dade Fire and Rescue Department, Miami-Dade Public School Board and Miami-Dade County.

The Village of Pinecrest has six major departments: Police, Building and Planning, Public Works, Parks & Recreation, Pinecrest Gardens and General Government. General Government consists of the following sub-divisions: Village Council, Village Manager, Village Clerk, Finance, Information Technology, and Village Attorney.

The annual budget serves as a foundation for the Village of Pinecrest's financial planning and control. All departments of the Village are required to submit requests for appropriation to the Village Manager and these requests are the starting point for developing a proposed budget. The Village Manager then presents this proposed budget to the Village Council for review. The Village Council is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30th, the close of the Village's fiscal year. The appropriated budget is prepared by type of fund and department. No department may expend in excess of the amount appropriated for that department within an individual fund without the approval of the Village Manager. The Village Manager may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the Village Council through a budget amendment process. The Village Council approves supplemental appropriations. Budget to actual comparisons are provided in this report for the General Fund for which an appropriated annual budget has been adopted. The General Fund budget to actual report is presented in the required supplemental information section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment with which the Village of Pinecrest operates.

PINECREST

Finance Department

Local economy. Despite the challenges the Corona Virus pandemic has presented and the inflation rate growth, the Village managed to maintain excellent stability. This medium sized municipality is an active community of involved citizens who take a genuine interest in the social, business, cultural and governing aspects of their Village. The Village is comprised of an affluent residential housing stock and several retail shopping malls. There is no industrial area in the community.

Long-term financial planning. The Village has undertaken several capital improvement projects as part of its five-year capital improvement plan. The Village of Pinecrest has provided funding for improvements at Pinecrest Gardens: Lakeview ramps and terraces, Lower Garden electrical upgrades, Cypress Hall deck, Administrative office furniture, video equipment, digital signage, master plan improvements, Banyan Bowl lighting upgrades and a golf cart; Community Center: room dividers, landscape beautification, fitness center equipment and patio furniture; Suniland Park: bleachers and canopy, pickle ball court resurfacing, landscape beautification, athletic field LED lighting, and a golf cage; Evelyn Greer Park: landscape beautification; Coral Pine Park :multipurpose room renovation, phase 2 park improvements and court equipment; Flagler Grove Park: fencing, a golf cart and a storage facility; Gary Matzner Park: master plan site development; Veteran's Wayside Park: master plan update; Aleyda Mas Park: purchase of land and improvements to structure, Village Wide: sidewalk improvements, Ficus replacement program, street resurfacing, traffic signal mas wrapping, the Kendall Shared Use construction document, roundabout lighting and monument construction; IT: Office 365, computer replacements and Clear Gov implementation; Police: license plate reader, tasers and vehicles; Stormwater drainage improvements; and combined with assistance from the American Recovery Plan, a potable water project.

Financial policies. The Village of Pinecrest has the following financial policies: Operating Budget Policy, Capital Improvement Policy, Debt Management Policy, Revenue Policy, Investment Policy, Fund Balance Policy, Account, Auditing & Financial Reporting Policy, Audit Committee & Auditor Selection Policy, Capital Asset Policy, Travel Policy, Purchasing Policy, Retiree Health Care Policy, Fraud Policy, Construction Guarantee Policy and Credit Card Policy. The Revenue Policy establishes that all one-time revenues will be matched with expenditures to decrease the reliance on the fund balance.

Pension. The Village of Pinecrest sponsors a defined contribution pension plan 401 (a) with VOYA Financial. With the exception of sworn police personnel, full time employees contribute seven percent (7%) of his or her pay to the plan, which is matched by a contribution by the Village of Pinecrest of thirteen percent (13%) for general employees, eighteen-point one percent (18.1%) for department heads and thirty-two-point sixty-seven percent (32.67%) for the Village Clerk and Village Manager.

A defined benefit plan sponsored by the Florida Retirement System (FRS) was established for sworn police personnel. Sworn police personnel who were employed at the time the defined benefit plan by FRS was established had the option of remaining in the 401 (a) plan sponsored by the ICMA RC (International City/County Management Association, Retirement Corporation) at the

PINECREST

Finance Department

time. The 401 (a) is now managed by VOYA Financial. All newly hired sworn police personnel participate in the FRS.

Additional information on the Village of Pinecrest pension benefits can be found in Note 9 of the financial statements.

Awards and acknowledgements

The Government Finance Officers Association of the United State and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Pinecrest for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2023. This was the 28th year that the Village received this prestigious award. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. The report submitted for the Fiscal Year 2023 satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and it will be submitted it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We would like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report. Credit must also be given to the Mayor and the Village Council for their unfailing support for maintaining the highest standards of professionalism in the management of the Village of Pinecrest's finances.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Accountants
Advisors

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Pinecrest, Florida (the "Village") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-14 and 51-57 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2025, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Village's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Required Supplementary Information)

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

As management of the Village of Pinecrest, Florida, we offer the Village of Pinecrest's financial statements in this narrative overview and analysis of the financial activities of the Village of Pinecrest for the fiscal year ending September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

While the threat of a possible recession affecting the US economy has diminished significantly, the sluggish return to optimal inflation levels translates into decreased purchasing power and higher interest rates when borrowing. Inflation results in higher costs across the board — from goods and utilities to personnel expenses. Successfully navigating a time of inflation can be challenging, but with a strategic mindset the Village can endure and even come out stronger on the other end. Continuing to understand that the national economic recovery may be slow and how that may affect the Village's future finances is essential to Pinecrest's future economic well-being. Appreciation rates are so strong in Pinecrest that despite a nationwide downturn in the housing market, Pinecrest real estate has continued to appreciate in value faster than most communities. As the nation continues to maneuver through these unprecedented crises, the Village maintained a conservative and proactive stance with respect to its finances. Understanding that the national economic recovery may be stalled, and how that may affect the Village's future finances, is essential to Pinecrest's future economic wellbeing. The Village was able to maintain an excellent financial standing amidst so many concerns in fiscal year 2024.

Financial Highlights

- The assets and deferred outflow of resources for the Village of Pinecrest exceeded its liabilities at the close of the most recent fiscal year by \$86,504,531 (net position).
- The government total net position decreased by \$12,678,196. The decrease was due to the increase in liabilities discussed in the next section. The total assets remained to some degree the same, with a slight decrease of about \$.14M. The cash and cash equivalents grew by \$4.9M, offset by a decrease in capital assets of \$5.0M. The cash line increased by the bond that was issued in January 2024 for \$13.375M plus a premium of \$1.8M. As of the close of the fiscal year, \$4M of those funds remain unspent, thereby increasing the cash balance. The capital assets decreased by \$5M. Asset additions were \$15.4M. The largest acquisition paid for with the bond, to purchase land that is now the Aleyda Mas Park, for a total cost of \$10.1M. However, the Village also completed the Potable Water projects, that cost \$12,333,055. This project was presented in construction in progress in prior years. The assets were transferred to the Miami Dade Water and Sewer Department for management. The conveyance of the asset shows as a loss on disposal of asset on the Statement of Activities as there was no sales price attached to the transfer (there is another minor amount of \$1,000 for another asset disposal). The accounts receivable decreased by \$.04M. The Village continued its concentrated effort to collect on past due accounts and resulted in this reduction. The deferred outflows grew by \$1.1M, of which \$1.3M is in the category of Special Masters, offset by a dip of \$.2M in pension liability. The Special Masters growth represents the zoning department's efforts to ensure compliance with local regulations and the resulting violations occurred when not corrected within the allotted time frame.
- The liabilities increased by \$11.7M, which is the main factor in the decrease of the total net position of \$12.7M. The accounts payable and accrued liabilities decreased a modest \$.247M, part of the timing of everyday management of payments. There was a \$.2M reduction in the prior year in unearned revenues from America Recovery Plan (ARP) funding for projects completed offset by the \$12.1M growth in noncurrent liability debt for the FY23 bond. The deferred inflows of resources increased by about \$1.9M, mostly in the growth of Special Masters. As mentioned previously, the Special Master represents the zoning department's efforts to ensure compliance. These Special Masters in the liability section offset the amount in the asset section. The recognition of revenue will occur once the violation is paid and thereby decrease these amounts. The pension line increased by \$.84 due to the rising cost of the program.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

- At the close of the current fiscal year, the Village of Pinecrest government funds reported combining ending fund balances of \$29,061,482 an increase of \$5,500,271 in comparison with the prior year. Approximately 9.2% of this total amount, \$7,196,994 is available for spending at the government's discretion (Unassigned Fund balance). The financial position of the Village governmental funds increased, and the overall financial position continues to be excellent. The increase is attributable to the revenue reported for the prior year's \$362K ARP funding that was unearned at the time. The cash on hand grew \$5.5M, which is mostly accountable to the bond issuance and capital projects that are pending.
- At the end of the current fiscal year, the Unassigned Fund balance for the General Fund was \$7,196,994 or 19.6% of the total General Fund expenditures and transfers. It is important to note that previously, the financial reports did not delineate the Emergency Event Designation that is now included in the assigned section of the fund balance. In the prior fiscal year, the Village increased the Emergency Event Designation from \$3 million to \$5 million. This decision secures funding in the event of an emergency, such as a hurricane.
- The Village of Pinecrest total bank debt increased by \$8,037,754 or 23.3% during the current fiscal year. The Village issued a bond in the amount of \$13.375 million with a premium of \$1.8M to be used for \$2.1 million in capital improvements at the parks and \$1.8M for transportation projects, and \$11M for park acquisition and improvement.
- The Village received federal funding from the American Recovery Plan of \$9,593,852. The funding was allocated as follows: \$7,491,407 to the potable water project, \$1,300,700 for stormwater projects, \$528,852 for a capital project in Pinecrest Gardens, and \$272,893 for an employee vaccine incentive to protect against the Covid-19 virus. The funds have been received and \$322K is deferred revenue until the stormwater projects are completed. All other project funds have been earned and completed. With the completion of the portable water project, all residents in the Village of Pinecrest have access to hook up to the county for potable water.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Village of Pinecrest's basic financial statements. The Village of Pinecrest's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statement. The government-wide financial statements are designed to provide readers with a broad overview of the Village of Pinecrest's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the Village of Pinecrest's assets, liabilities, and deferred inflow/outflow of resources with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village of Pinecrest is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flow. Thus, revenues and expenses are reported in this statement for some that will only result in cash flow in the future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village of Pinecrest that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Village include general government, police and public works (including highways, parks, and planning and building). The business-type activities of the Village include stormwater activities.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Pinecrest, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village of Pinecrest are governmental and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflow and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village of Pinecrest maintains fourteen (14) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The Village has the following governmental funds: General, Transportation, CITT, Capital Projects, nine (9) Special Revenue funds and a Debt Service Fund. Only the General, Debt Service and Capital Projects funds are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual data for these non-major governmental funds are provided in the form of combining statements elsewhere in this report.

The Village of Pinecrest adopts an annual appropriated budget for its General Fund as well as for its other governmental funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary Fund. The Village of Pinecrest maintains one type of proprietary fund - an Enterprise Fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village of Pinecrest uses an Enterprise Fund to account for its stormwater activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Proprietary Fund financial statements provide separate information for the Stormwater Fund, which is considered a major fund of the Village of Pinecrest.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the footnotes.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Village of Pinecrest, assets and deferred outflow of resources exceeded liabilities by \$86,504,531 at the close of the most recent fiscal year.

By far the largest portion of the Village of Pinecrest's net position, \$74,340,219 or 85.9% reflects its investment in capital assets (i.e. land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The Village of Pinecrest uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the Village of Pinecrest's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources because the capital assets themselves cannot be used to liquidate these liabilities. The investment in capital assets grew again this year, which is in line with the Village's commitment to the betterment of its community through parks and infrastructure investment.

	Governmental Activities		Business-type Activities		Total

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

Governmental activities. Governmental and Business Type (stormwater) activities decreased the Village of Pinecrest's net position by \$12,678,196. Key elements in the changes in net position activity are as follows:

	Governmental Activities		Business-Type Activities		Totals	
	2023	2024	2023	2024	2023	2024
Revenues:						
Program revenues:						
Charges for services	\$ 10,574,099	\$ 10,883,612	\$ 1,266,709	\$ 1,179,416	\$11,840,808	\$12,063,028
Operating grants and contributions	208,586	102,207	616,489	-	825,075	102,207
Capital grants and contributions	5,890,841	2,045,168	-	-	5,890,841	2,045,168
General revenues:						
Taxes	20,656,924	22,394,766	-	-	20,656,924	22,394,766
Other	4,201,591	(7,874,303)	201,660	1,271,510	4,403,251	(6,602,793)
Total Revenues	41,532,041	27,551,450	2,084,858	2,450,926	43,616,899	30,002,376
Operating expenses:						
General government	5,745,271	5,657,984	-	-	5,745,271	5,657,984
Public safety	13,058,494	13,284,653	-	-	13,058,494	13,284,653
Building, planning and zoning	3,330,626	3,651,311	-	-	3,330,626	3,651,311
Parks and recreation	8,628,580	9,406,581	-	-	8,628,580	9,406,581
Public works	7,146,539	7,637,690	-	-	7,146,539	7,637,690
Interest	676,216	1,374,280	-	-	676,216	1,374,280
Stormwater	-	-	1,009,732	1,668,073	1,009,732	1,668,073
Total Expenses	38,585,726	41,012,499	1,009,732	1,668,073	39,595,458	42,680,572
Change in net position	2,946,315	(13,461,049)	1,075,126	782,853	4,021,441	(12,678,196)
Net position - beginning	84,584,831	87,531,146	10,576,455	11,651,581	95,161,286	99,182,727
Net position - ending	\$ 87,531,146	\$ 74,070,097	\$ 11,651,581	\$ 12,434,434	\$ 99,182,727	\$ 86,504,531

- Revenues decreased by \$13,614,522 or 31.2%, while expenses increased by \$3,085,114 or 7.8% over the prior fiscal year. The reason for the drop in revenues is the \$12.3M loss on disposal of asset when the potable water project was conveyed to the county water department for \$0 dollars. Without this transaction, the total sales would have been \$42.3M, which is more in line with \$43.6M in FY23. It is important to keep this one-time transaction in mind when reviewing the totals and percentages below, as this \$12.3 M transaction skews the FY24 figures. The \$3M decrease in the current year's capital grants line was due to the \$3M of ARP funding for the potable water project that occurred in the prior year. In this fiscal year expenses increased in parks by about \$.8M due to the addition of a new park and the additional programming and services, the public works expenses also increased due to increased infrastructure work of about \$.5M and the increase in interest expense of \$.698K for the new bond that was issued.
- Taxes, \$22,394,766, comprised 81.3% of the total governmental revenues, \$27,551,450 during the fiscal year. Most of this category is property taxes, \$ 15,488,266. The millage rate remained at 2.35, however the tax base of property values increased at an exponential rate. The taxable value grew about \$801M or about 11.8% over the prior year. The net increase in ad valorem revenues was \$1,565,979. Franchise and utility taxes accounted for another \$5,117,884 of this total and experienced an increase of about \$230K due to rate increases in electricity rates.

VILLAGE OF PINECREST, FLORIDA
 MANAGEMENT'S DISCUSSION AND ANALYSIS
 September 30, 2024

- Charges for services accounted for \$10,883,612 or 39.5% of total governmental revenues. The parks and recreation line experienced an increase of about \$247K as programming demands continue to grow while the expenses in this line increased by \$778K. The parks department now has a new park to maintain and develop. At this point, no revenue generation is occurring in the new park acquisition.
- Operating and capital grants and contributions accounted for \$2,147,375 or 7.8% of total governmental revenues. This line decreased by close to \$3.9M. The drop is because in the prior year, the Village received a one-time \$3M grant from the American Recovery Plan for the potable water project. This federal grant was a one-time event to aid the community in times of an emergency. Another \$500,000 was earned from the county in a matching grant for this same water project. Another \$450K was received for Pinecrest Garden all for capital improvements at the site. These grants were for the upper garden for sensory and inclusion facilities and a lower garden pathway improvement.

Revenues by Source – Governmental Activities

Financial Analysis of the Government's Funds

The Village of Pinecrest used fund accounting to ensure and demonstrate compliance with finance related requirements.

Governmental funds. The focus of the Village of Pinecrest's governmental funds is to provide information on near term inflow, outflow and balances of spendable resources. Such information is useful in assessing the Village of Pinecrest's financing requirements. In particular, the Unassigned Fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Village of Pinecrest's governmental funds (GAAP basis) reported combined ending fund balances of \$29,061,482 an increase of \$5,500,271 or 23.3% in comparison with the prior year, \$23,561,211. Approximately 9.2% of this total amount, \$7,196,994, constitutes an unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is not available for new spending or is assigned. The major reason for the increase is the increase in cash on hand of \$5.5M for pending capital projects from the bond offering of \$4M.

The General Fund experienced an increase of \$1,157,362. This was accomplished through the excess of revenues over the expenses. An increase in community interest in park recreation, \$664K were coupled with the challenges of unfilled personnel positions, especially in the police and parks departments. Wage increase pressures continue in the effort to attract personnel. Investment earnings were also high, about \$627K, due to capital projects pending completion. The Capital Fund increased \$3,183,090 as capital improvements are planned with the remaining proceeds from the bond used towards various park improvements and road projects. The Debt Fund traditionally had a zero-fund balance because the general fund transferred the exact amount needed for both principal and interest payments each year. However, a special assessment district was created to cover the costs of the potable water not funded by the ARP grant. This assessment is for a 25-year period. The tax bill of 2024 was year 3 of 25 of the assessment. The Debt Fund increased by \$270,690 reflecting the payments received by residents that have not yet been paid out on the debt. The special revenue assessments will be used to pay the \$4.3M loan taken in fiscal year 2022 (\$3,496,768 potable water/\$803,232 capital project). The Non-major governmental funds increased by \$889,129. The changes in fund balance are as follows: Transportation fund increased \$39,414 as funds are being accumulated to fund future planned infrastructure projects, the Police Education Fund increased \$8,436 as the revenues received were less than the projects incurred this year, the three 911 funds combined decreased \$30,663 due to less funding from the county for the dispatch operation, and the Impact Fees Fund increased by \$287,621 due to capital projects at the police department, parks and municipal center pending completion. The largest increase is in the CITT Public Transit Fund of \$584,321. The CITT increase was due to a due to project delays from scarcity of materials. However, those projects are planned and will move forward.

The General Fund is the chief operating fund of the Village of Pinecrest. At the end of the current fiscal year, the Unassigned Fund balance of the General Fund was \$7,196,994. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned Fund balance is 19.6% of total General Fund expenditure including transfers and represents 55.4% of the total fund balance.

- The unassigned fund balance of the Village of Pinecrest's General Fund increased by \$1,157,362 over the prior year. Starting in fiscal year 2023, the Village is showing the emergency event amount as an assigned part of the general fund. Also in fiscal year 2023, the emergency event amount increased from \$3M to \$5M.
- The Police expenditures were under budget by \$356,629 due to unfilled open positions and various capital projects that were not completed and will be carried over into the new year, such as the Cloud based CAD system upgrade, vehicle patrol vehicles, a new electronic citation program and speed data platforms.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

- General Government departments combined were under budget of \$462,347. The savings were mostly attributable to the attorney budget under \$108,310 for less activity than planned, the general government line by \$283,879 for unfinished projects such as the municipal center exterior painting of \$79,675 and new workstations of \$65,975, both of which were carried over into the new fiscal year.
- Building and Planning was under budget by \$189,581. The department has experienced a high workload and has been trying to fill open positions to meet the growth in demand.
- Parks and Recreation were under \$176,680. While budget amendments were made to provide for the increased demand in summer camps and programming, many planned repairs and purchases were delayed due to supply chain issues. \$45,000 will be carried over into 2025 for the completion of a Suniland Park boundary survey.

Proprietary Fund. The Stormwater Fund accounts for revenues collected for the maintenance of the stormwater collection function in the Village. The Village maintains the canals and underground pipes and there are operational costs associated with treating the water. This year the unrestricted net position went from \$2,391,225 to \$2,448,237, an increase of \$57,012. This minor increase reflects the fact that some of the planned projects have not been completed. Less funds were spent on capital improvements than received this year. Any excess funds will be used for future capital improvements, which are depreciated over many years. A portion of the ARP funding, \$1,300,700, was allocated to the stormwater funds. Of this amount \$978,211 of the projected was completed and \$322,489 was recorded as an unearned revenue until the projects are expended. In Fiscal year 2024, a reduction of revenues occurred of about \$100,646 for a refund to religious institutions that were due a 50% reduction in their stormwater payments going back for four years. Revenues in total did not decrease this year due to the many grants received for drainage projects and vulnerability studies.

General Fund Budget Highlights

The budget to actual variances in the General Fund were:

- **Total Taxes, \$ 372,599.** \$231,706 of the over budgeted revenues is due to rate increases that resulted in higher utility fees, \$108,914 is from a higher property value applied to the same milage rate. The communication services tax is under due to a remapping of addresses that no longer pertain to the Village of \$4,723 as well as a decrease in business tax of \$18,491 due to some temporary changes in the business zone that are expected to fill and increase in future years.
- **Licenses and Permits, \$873,533.** Much of the shortfall is in the building permit fees which were under budget by \$843K. The revenues in this line came in at \$3,007K against a budget of \$3,850K and under last year's figures of \$3,519K. The exponential growth of previous years may be slowing down.
- **Charges for Services, \$664,061.** The amount over budget is due to a larger than expected demand for recreational programs and activities at the parks. The demand for programming in the parks, Community Center and Pinecrest Gardens grew more than planned and offset the costs of increased contract services for the new offerings.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

- **Intergovernmental revenue, \$87,581.** The overage was a result of increased spending coupled with higher prices due to inflation. The Sales tax receipts were \$97K and state revenue sharing was over by \$21K for these reasons. They were offset by a decrease in the county tax, which is distributed based on population. This line was under budget by \$71K. We also received Covid of \$27K that was not budgeted, due from 2021.

During the year, actual revenues were more than actual expenditure, increasing the fund balance \$6,325,771 or \$1,157,362 when including the transfers in and out. This increased the general fund balance from \$11,429,609 to \$12,586,971.

The amended budget had planned for a fund appropriation of (\$182,500). However, due to the excess revenues over expenditures, the fund increase was \$1,157,362.

The following highlights the reason for the budget amendments in the General Fund:

- \$62,920 for retirement contributions that were due to an employee from prior years
- \$30,540 in bond issuance costs of \$180,543 compared to the budget figure of \$150,000
- Increase in health insurance rates absorbed by the Village of \$24,295, in order to keep the employee whole compared to prior year benefit costs
- \$126,000 for a Cyber professional employee that was hired in January 2024 to improve IT security at the Village
- The promotion of the IT manager to a director, \$12,600
- The Happiness Project, \$52,630
- Police Department CAD Cloud and vehicle printers used in the capital fund from unused departmental budget, \$300,000
- \$115,760 of sidewalk funds moved from the general fund to the capital fund
- \$154,450 in community center increase in contract programs and services, offset by increase in departmental revenues
- \$1,600 for the 911 wireless funds due to a delay in the receipt of funds from the county.

Capital Asset and Debt Administration

Capital assets. The Village of Pinecrest's investment in capital assets for its governmental activities as of September 30th amounts to \$101,509,415 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, roads, sidewalks, infrastructure, stormwater system, and construction in progress. The total decrease in the Village of Pinecrest's investment in capital assets for the current fiscal year was 4.7%.

Major capital asset events during the current fiscal year included the following:

- Stormwater improvements
- Transportation projects such as shared use documents, monument signs, round-about sculptures, and traffic signal mast wraps
- Renovations and improvements at Pinecrest Gardens, the Community Center and various parks.
- Village-wide Road and sidewalk improvement
- Police vehicles and equipment
- Computer replacements and software

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

- Construction in Progress. This year the Village transferred \$733,775 from construction in progress into the appropriate asset class as well as the conveyance of the potable water project to the county, of \$12,333,055. This line shows as the deletion in Note 4 of the fixed assets of \$13,066,830. The following list details the items currently in construction in progress.
 - Master Plan Update, Veteran Wayside
 - Park Improvement Phase 2 And Multipurpose Room, Coral Pine
 - Ramps and Terrace Upgrade, Pinecrest Gardens
 - Master Plan Site Update, Gary Matzner

	Governmental Activities		Business-type Activities		Total

Additional information on the Village of Pinecrest's capital assets can be found in Note 4.

Long-term loan at the end of the fiscal year, the Village of Pinecrest had total bank debt outstanding of \$37,758,059.

Village of Pinecrest's Outstanding Debt

	Governmental Activities	
	2023	2024
Revenue Bonds	\$26,403,254	\$37,758,057

The Village of Pinecrest increased its total debt by \$11,354,803 or 43.3% during the current fiscal year. There are seven loan issues outstanding: Community Center/Coral Pine Park for \$2,218,200 which matures in FY 2029, a Capital Improvements loan with an outstanding balance of \$1,163,600 which matures in FY 2028, another Capital Improvements loan with an outstanding balance of \$7,014,895 that matures in FY 2041, and a Refund, land purchase and Capital Improvements loan of \$4,630,737 that matures in FY 2036, A Potable Water and Capital Note was issued in 2022 in the amount of \$4,078,999 in FY47 and is funded in large portion by an special assessment to those homes benefitting from the potable water project (3,371,050 balance at the end of FY24). The Village issued a 2023 capital improvement loan with a current outstanding balance of \$5,561,628 which matures in 2042. This year a bond was issued for \$13,375,000 and \$1,808,545 premium for the purchase of land and other capital improvements. The principal remaining is \$13,090,000.

Six of the seven loans are bank loans. In January of 2024 a Series 2024 bond was issued that earned a AAA rating from S&P Global, a testament to the Village's financial strength.

Additional information on the Village of Pinecrest's long-term debt can be found in Note 6

Economic Factors and Next Year's Budgets and Rates

- Property values in the Village continue to grow and have allowed the Village to keep one of the lowest millage rates in the county, at 2.35, the same as the prior fiscal year.
- The job market is tight and the ability to fill positions, especially in the parks and recreation, is country wide. The Village is researching ways to ensure competitive fringes and offerings to attract prospective employees.
- The increased inflationary trend is of concern, but the Village is aggressive in securing pricing that is within our budget plans.
- Interest rate increases will affect the project costs and future loan issues. The Village will work to ensure the financial effects are considered and managed as much as possible.
- There is some uncertainty about the future of the property tax collection as the governor of Florida is proposing to make changes to the process. The discussion of tariffs increases may also impact future operations. The Village remains vigilant over the possible implication to the sources of income and expenditures.

During the current fiscal year, the unassigned fund balance for general governmental funds was \$7,196,994, which allows the Village financial flexibility. The Village has \$5 million assigned for an Emergency Event, providing for an extra measure of safety and conservatism. The Village also has \$12,658,544 of fund balance in the Capital Projects Fund that is either restricted or assigned for various capital improvement projects.

Requests for Information

This financial report is designed to provide a general overview of the Village of Pinecrest's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, 12645 Pinecrest Parkway, Pinecrest, Florida 33156-5931 or emailed to finance@pinecrest-fl.gov.

VILLAGE OF PINECREST, FLORIDA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2024

Fund balances - total governmental funds (see page 17) \$ 29,061,482

Amounts reported for governmental activities in the statement of net position are different as a result of:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds:

Governmental capital assets	262,413,515	
Less accumulated depreciation	<u>(170,890,297)</u>	
		91,523,218

Deferred inflows/outflows of resources in the statement of net position will be recognized in future periods.

Deferred outflows related to OPEB	93,330	
Deferred inflows related to OPEB	(150,745)	
Deferred outflows related to pension	4,568,957	
Deferred inflows related to pension	<u>(2,082,211)</u>	
		2,429,331

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.

Bonds payable	(37,758,057)	
Premiums on debt	(1,805,545)	
OPEB liability	(250,670)	
Net pension liability	(13,098,966)	
Accrued interest payable	(12,978)	
Compensated absences	<u>(1,732,742)</u>	
		(54,658,958)

Revenue collected outside of the period of availability is not available to pay for current period expenditures and therefore, is a deferred inflow in the funds.

5,715,024

Net position of governmental activities (see page 15) **\$ 74,070,097**

VILLAGE OF PINECREST, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES
EXPENDITURES, AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

Net change in fund balances - total government funds (see page 19) \$ 5,500,271

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital outlay	14,907,137	
Less current year depreciation	<u>(7,808,003)</u>	
Net adjustment		7,099,134

The net effect of various transactions involving capital assets (i.e., sales, trade-ins and donations) is to increase (decrease) net position.

Capital outlays not meeting threshold for capitalization	(512,214)	
Disposal of capital assets	<u>(12,334,055)</u>	
Net adjustments		(12,846,269)

The issuance of long term debt (e.g., bonds, leases) provides current financial debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position resources to governmental funds, while the repayment of the principal of long term.

Bond principal payments	2,020,196	
Bond proceeds	<u>(15,180,543)</u>	
		(13,160,347)

Certain changes related to pension and other post employment benefits (OPEB) assets and liabilities are not reported in the net change in the governmental funds:

Change in deferred outflows of resources relating to pension	(235,930)	
Change in deferred outflows of resources relating to other post employment benefits (OPEB)	11,308	
Change in deferred inflows of resources relating to pensions	(839,117)	
Change in deferred inflows of resources relating to other post employment benefits (OPEB)	<u>6,861</u>	
		(1,056,878)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in net pension liability	1,116,756	
Change in compensated absences	(83,568)	
Change in OPEB liability	(30,767)	
Change in accrued interest payable	<u>619</u>	
		1,003,040

Change in net position of governmental activities (see page 16) \$ (13,461,049)

NOTES TO BASIC FINANCIAL STATEMENTS

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Pinecrest (the Village) was incorporated March 12, 1996, pursuant to Ordinance 95-207 adopted by the Miami-Dade Board of County Commissioners November 12, 1995. The Village occupies a land area of eight square miles and serves a population of 18,419. The Village operates under a Council-Manager form of government and provides the following services: public safety (police), public works, building, planning and zoning, code enforcement, stormwater management, and parks and recreation.

The basic financial statements of the Village have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units, which are generally accepted in the United States. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental and financial reporting principles.

Significant accounting and reporting policies and practices of the Village are described below.

A. Financial Reporting Entity

The financial statements were prepared in accordance with the GASB, the reporting entity, which establishes standards for defining and reporting on the financial reporting entity. The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the Village, organizations for which the Village is financially accountable and other organizations for which the nature and significance of their relationship with the Village are such that exclusion would cause the reporting entity's financials statements to be misleading or incomplete. The Village is financially accountable for a component unit if it appoints a voting majority of the organization's governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Village. Based upon the application of these criteria, there were no organizations that met the criteria described above.

B. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the Village as a whole) and fund financial statements.

The government-wide financial statements (i.e. the statements of net position and the statement of activities) report information on all activities of the Village. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds and the proprietary fund. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting is used for the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Village.

The Village reports the following major governmental funds:

General Fund – This fund is the Village’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service Fund – The debt service fund is used to accumulate resources and distribute principal, interest and bond related issuance costs on long-term debt.

Capital Projects Fund – This fund receives transfers from the general fund as well as grants and accounts for purchases of land and improvements to the parks and buildings in the community.

The Village reports one major proprietary fund:

Stormwater Fund – This fund (an enterprise fund) accounts for the stormwater control activities of the community. Funds are received from business and residential users and used to maintain the stormwater collection system.

Additionally, the Village reports other special revenue funds and a debt service fund.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the governments various functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. General revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the stormwater fund are charges to business and residential customers for stormwater system maintenance. Operating expenses report on the costs to maintain the stormwater system, the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance

1. Deposits and Investments – Cash and cash equivalents, which are cash and short-term investments with maturities of three months or less, include cash on hand, a repurchase agreement and investments with the State Board of Administration Investment Pool. Investments are reported at fair value.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

2. Interfund transactions – As the Village does not have any lending/borrowing arrangements between funds, all outstanding balances between funds are reported as "due to/from other funds". All amounts receivable from or payable to other funds are to be settled with expendable, available financial resources. Transactions which are recurring annual transfers between two or more funds are recorded as transfers in and out. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."
3. Receivables – Receivables include amounts due from other governments and others for services provided by the Village. Receivables, including special assessments, are recorded when the related service is provided.
4. Restricted assets – Proceeds from impact fees, CITT surtax and 2nd local option gas taxes are classified as restricted in various special revenue funds since these resources are specifically earmarked for restricted purposes including law enforcement, transportation and recreational eligible items.
5. Prepaid items – Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These costs are accounted for under the consumption method.
6. Capital assets – The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. The threshold for capitalization is of \$10,000.

Capital assets of the Village are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Improvements	15 years
Equipment:	
Cars	5 years
Trucks	10 years
Equipment	5 years
Computer equipment	3 years
Computer software	7 years
Infrastructure:	
Roads	25 years
Stormwater system	50 years
Sidewalks	20 years

7. Deferred outflows/deferred inflows of resources – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village only has three items that qualify for reporting in this category. One is the deferred charge on refunding resulting from the difference in the carrying value of a refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other two items are the deferred outflows relating to the pension plan (discussed in Note 9) and the deferred outflows relating to the OPEB plan (discussed in Note 10).

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

7. Deferred outflows/deferred inflows of resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Village has three items that qualify for reporting in this category. One is a deferred gain on refunding that results from the difference in the carrying value of refunded debt and its reacquisition price.

This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is the deferred inflows relating to the pension plans and the OPEB plan. These are discussed in further detail in Note 9 and Note 10. The Village also has one other type of these items, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from certain charges for services and fines and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

The Village maintains balances for outstanding permit violations and code enforcement violations imposed through the Village's Special Masters process. The balance represented as corresponding deferred outflows of resources and deferred inflows of resources are considered by the Village to be collectable as liens are placed on properties subject to enforcement measures. The balance for total violations under the Special Masters process on September 30, 2024 is approximately \$10,236,123.

8. Compensated absences – Village employees are granted vacation and sick leave in varying amounts based on length of service and the department that the employee services. The Village's sick leave policy is to permit employees to accumulate earned but unused sick pay benefits. Such leave is accrued and reported as a fund liability when it is probable that the Village will compensate the employee in the following fiscal year. Unused sick pay is not paid at termination.

The Village's vacation policy is that earned vacation must be taken within one year of the employee's anniversary. Carryover is limited to two hundred and forty (240) hours. Unused vacation pay, if any, is paid with the employee's termination or retirement. Those amounts estimated to be liquidated with expendable available financial resources from the General Fund are reported as expenditures and a fund liability of the General Fund.

9. Long-term obligations – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as another financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

10. Property taxes – Property taxes for the current year were assessed and collected by Miami-Dade County and subsequently remitted to the Village. Property taxes are assessed as of January 1 each year and are first billed (levied) and due the following November 1. Under Florida law, the assessment of all properties and the collection of all county, municipal, school board and special district property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws for the state regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10 mills (\$10 per \$1,000 of assessed taxable valuation). The millage rate assessed by the Village for the year ended September 30, 2024, was 2.350 mills.

The tax levy of the Village is established by the Village Council prior to October 1 of each year, and the County Property Appraiser incorporates the millage into the tax levy, which includes Miami-Dade County, Miami-Dade County School Board and special taxing districts.

All property is reassessed according to its fair market value as of January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All real and tangible personal property taxes are due and payable on November 1, each year or as soon as practicable thereafter as the assessment roll is certified by the County Property Appraiser. Miami-Dade County mails to each property owner on the assessment roll a notice of the taxes due and Miami-Dade County also collects the taxes for the Village. Taxes may be paid upon receipt of such notice from Miami-Dade County, with discounts at the rate of 4% if paid in the month of November, 3% if paid in the month of December, 2% if paid in the month of January and 1% if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent and liens are placed on April 1 of the year following the year in which taxes were assessed. Procedures for the collection of delinquent taxes by Miami-Dade County are provided for in the laws of Florida. There were no material delinquent property taxes at September 30, 2024.

11. Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.
12. Encumbrances – Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances may be re-appropriated and become part of the subsequent year's budget pursuant to state regulations. There were no outstanding encumbrances at year-end.
13. Net position – Net position is the result of assets and deferred outflows of resources less liabilities and deferred inflows of resources. The net position of the government-wide and proprietary funds are categorized into three components:

Net investment in capital assets – this category consists of capital assets, reduced by accumulated depreciation and any outstanding debt incurred to acquire, construct or improve those assets excluding unexpended bond proceeds.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

13. Net position (Continued)

Restricted net position – this category consists of all net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – consists of the net position not meeting the definition of either of the other two components.

Restricted consists of net position with constraints placed on their use by external parties (creditors, grantors, contributors, or laws and regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted indicates that portion of net position that is available to fund future operations.

Net position flow assumption – Sometimes the Village will fund outlays for a particular purpose from both restricted (i.e. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

It is the Village's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

14. Fund Balance – As of September 30, 2024, fund balances of the governmental fund financial statements are classified as follows:

Fund balances of the governmental funds are classified as follows:

Non-spendable – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of Village Council. Village Council is the highest level of decision making authority for the Village. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by Village Council. Ordinances and resolutions are equally changing to binding formal actions of the Village Council.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Village's adopted policy, only Village Council may assign amounts for specific purposes.

Unassigned – all other spendable amounts. The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in government funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

14. Fund Balance (Continued)

Fund balance flow assumptions – Sometimes the Village will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policy – The Village of Pinecrest will maintain a minimum unassigned fund balance in the General Fund of 10% of budgeted expenditures and transfers out. The Village shall strive to keep an additional unassigned fund balance for extraordinary expenditures and mitigation due to the Village being located in a hurricane zone. That amount is to be determined each year by Council during the budget process.

15. Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Although these estimates are based on management’s knowledge of current events and actions, actual results may ultimately differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits

In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposits Act, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or banking institution eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The Village invests surplus funds in an external investment pool, the Local Government Surplus Funds Trust Fund (Florida PRIME). The State Pool is administered by the Florida State Board of Administration (SBA), who provides regulatory oversight.

The Florida Prime has adopted operating procedures consistent with the requirement for 2a-7 like fund. The Village’s investment in the Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. These investments are exempt from fair value hierarchy level disclosure. The Village had the following investments as of September 30, 2024:

Investment	Fair Value
Florida Prime	\$ 11,244,369

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

Credit risk

The Village has an investment policy that emphasizes the safety of principal while maintaining adequate liquidity to meet its needs. Investments are limited to the highest ratings by two of the nationally recognized statistical rating organizations - Nationally Recognized Statistical Rating Organization (NRSRO) and Standard and Poor's and Moody's Investment Services. The Florida PRIME is rated AAAM by Standard and Poor's.

The weighted average maturity (WAM) of the securities held in Florida PRIME is 35 days. The weighted average life (WAL) of Florida PRIME is 75 days.

Redemption gates

With regard to redemption gates for Florida PRIME, Chapter 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility.

Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

Liquidity fees

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2024, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Concentration of credit risk

GASB Statement 40 requires disclosure when the percent is 5% or more in any one issuer. External investment pools, such as Florida PRIME, are exempt from Concentration and Interest Rate Risk disclosures. The Village does not maintain any further investments for disclosure.

Interest rate risk

In accordance with our investment policy, the Village manages its exposure to declines in fair values by investing in conservative investments with the emphasis on safety of principal.

NOTE 5 – INTERFUND TRANSFERS

The composition of interfund transfers as of September 30, , is as follows:

Transfers Out	Transfers In	Amount	Purpose
General Fund	Debt Service Fund	\$ 3,235,144	To provide debt service funds
General Fund	Capital Projects Fund	1,044,665	To provide capital funds
General Fund	Transportation Fund	590,000	To provide operational funds
General Fund	CITT Public Transit Fund	190,000	To provide operational funds
General Fund	Hardwire Fund	24,000	To provide operational funds
General Fund	Wireless Fund	61,600	To provide operational funds
General Fund	Prepaid Fund	<u>23,000</u>	To provide operational funds
Total General Fund		<u>\$ 5,168,409</u>	

NOTE 6 – LONG-TERM DEBT

The Village has five debt issues outstanding at September 30, , all of which are considered direct borrowings. Principal and interest on these bonds are payable from a covenant to budget and appropriate legally available non-ad valorem revenues.

Series 2015 is for the expansion of the Community Center and improvements at Coral Pines Park. The note bears interest at 2.40%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

Series 2019 was issued in the amount of approximately \$2,617,100 to provide funding for various capital projects including improvement of the Community Center, the Municipal Center/Library, Pinecrest Gardens, and other parks within the Village. The note bears interest at 2.53%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

Series 2021A was issued in the amount of approximately \$7,880,000 to provide funding for various park improvement projects including Pinecrest Gardens. The note bears interest at 2.22%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 6 – LONG-TERM DEBT (CONTINUED)

On July 1, 2021 the Village issued Series 2021B in the amount of approximately \$5,750,526 to purchase a parcel of land for parks and recreational purposes, improvements to Pinecrest Gardens, and the refunding of Series 2011. The note bears interest at 1.92%. In the event of a default, the loan agreement has a provision that the Council or Lender shall have all remedies provided by law to collect amounts then due.

The Village utilized \$948,125 of the proceeds from the Series 2021B note to advance refund approximately \$862,465 outstanding from the 2011 Series note. The net proceeds were deposited with an escrow agent to provide for future debt service payments on the 2011 Series bonds. As a result, the 2011 Series Note is considered to be defeased and the corresponding liability has been removed from the Village's long-term liabilities. The advance refunding transaction resulted in an economic gain of approximately \$124,763 derived from the difference between the present value of the prior debt net cash flow and the present value of the refunding debt service of approximately \$1,088,507 and \$951,210 respectively.

On July 1, 2021 the Village issued the Capital Improvement Revenue Note, Series 2022 in the amount of \$4,300,000 for the purpose of financing construction costs and capital projects related to the Village's Potable Water Project. The note bears interest ranging from 3.215% to 3.510%. In the event of a default, the loan agreement has a provision that the Council or Lender shall have all remedies provided by law to collect amounts then due.

On May 1, 2023 the Village issued the Capital Improvement Revenue Note, Series 2023A in the amount of \$5,852,377 for the construction, acquisition, renovation, and equipping of certain capital improvements, including, but not limited to: (i) the construction, acquisition, renovation, and equipping of various park, athletic, and recreational facilities at the Suniland Park, Flagler Grove Park, Veterans Park, Coral Pine Park, and Gary Matzner Park; and (ii) construction, acquisition, renovation, and equipping of Kendall Drive Shared Use Path. The note bears interest at 3.92%. In the event of default, the loan agreement has a provision that the Council or Lender shall have all remedies provided by law to collect amounts then due.

On January 2024, the Village issued the Florida Municipal Loan Council Revenue Bonds, Series 2024 in the amount of \$13,375,000 for the purchase of a park and the construction, installation, renovation, or equipping costs incurred during the construction period. The bonds bear interest at 5% payable on an annual basis commencing April 1, 2024. The Series 2024 bonds mature on October 1, 2043.

Maturities of these direct borrowings are as follows:

Year ending September 30,	Principal	Interest	Total
2025	2,209,913	667,691	2,877,604
2026	2,275,564	634,259	2,909,823
2027	2,342,170	599,711	2,941,881
2028	2,414,849	564,032	2,978,881
2029	2,179,023	527,079	2,706,102

NOTE 8 – DEFINED CONTRIBUTION PLAN

The Village of Pinecrest 401(a) Money Purchase Plan is a defined contribution plan established by the Village to provide benefits at retirement for its employees. All full-time employees must be a member of the Plan. Plan members are required to contribute 7% of base earnings for the Plan year. The Village is required to contribute 10% of base earnings for each participant for the Plan year. Plan provisions and contribution requirements are established and may be amended by the Village Council.

The Plan's assets are administered by Voya Financial. The Village does not exercise any control over the Plan assets. Village contributions to the Plan were \$1,042,628. Employee contributions were \$419,784 for the fiscal year ended September 30, 2024.

The Village also offers its employees a deferred compensation plan. The Plan, available to all Village employees, permits them to defer a portion of their salary until future years. Participation in the Plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Benefit provisions and contributions are established and may be amended by the Village Council. During the fiscal year ended September 30, 2024, the Village made no contributions and employees contributed \$315,048. Pursuant to the Statement No. 32 of the GASB, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the Village does not have a fiduciary relationship with the Plan. Accordingly, the balances and transactions of the Village's Plan are not reported in the Village's financial statements.

NOTE 9 – RETIREMENT PLAN

Florida Retirement System

The Village participates in the Florida Retirement System (FRS), a statewide cost-sharing multiple- employer public employee retirement system (PERS), available to governmental units within the state and administered by the State of Florida Department of Management Services, Division of Retirement. The sworn police personnel are eligible to participate in the FRS.

General information

As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (“Pension Plan”) and the Retiree Health Insurance Subsidy (“HIS Plan”). The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature. The state of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, by calling (877) 377-1737, or by visiting:

www.dms.myflorida.com/workforce_operations/retirement/publications

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Plan description

The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees.

Benefits provided

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service.

For Special Risk and Special Risk Administrative Support class members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 60 or 30 years of service regardless of age. Also, the final average compensation for these members will be based on the eight highest years of salary.

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute 3% of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2023 through June 30, 2024, and from July 1, 2024 through September 30, 2024, respectively, were as follows: Regular Class – 10.19% and 11.51%; Senior Management – 26.11% and 30.61%; and DROP participants – 16.94% and 19.13%. These employer contribution rates do not include the 1.66% HIS Plan subsidy for the periods October 1, 2023 through June 30, 2024, and from July 1, 2024 through September 30, 2024, respectively.

The Village’s contributions, including employee contributions, to the Pension Plan totaled \$1,628,485 for the fiscal year ended September 30, 2024.

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At September 30, 2024, the Village reported a liability of \$11,125,116 for its proportionate share of the Pension Plan’s net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The Village’s proportion of the net pension liability was based on a projection of the Village’s 2023-2024 fiscal year contributions relative to the 2023-2024 fiscal year contributions of all participating members. At June 30, 2024, the Village’s proportion was 0.0287%, which was a decrease from its proportion measured as of June 30, 2023, of 0.0298%.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions (Continued)

For the fiscal year ended September 30, 2024, the Village recognized pension expense of \$992,053. In addition, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,123,935	\$ -
Change of assumptions	1,524,799	-
Net difference between projected and actual earnings on FRS pension plan investments	-	739,433
Changes in proportion and differences between Authority FRS contributions and proportionate share of contributions	1,234,046	825,299
Authority FRS contributions subsequent to measurement date	347,529	-
Total	\$ 4,230,309	\$ 1,564,732

The deferred outflows of resources related to the Pension Plan, totaling \$347,529 resulting from Village contributions to FRS subsequent to the measurement date. Contributions made after the measurement date of the net pension liability but before the end of the employer's or governmental nonemployer contributing entity's reporting period will be recognized as a reduction of the net pension liability or collecting net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year End	Deferred Outflows/(Inflows), net
2025	\$ (170,609)
2026	1,944,143
2027	406,541
2028	55,901
2029	82,072
Total	\$ 2,318,048

Actuarial assumptions

The total pension liability in the June 30, 2024, actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

Inflation:	2.40%
Salary increases:	3.50%, average, including inflation
Investment rate of return:	6.70%, net of pension plan investment expense, including inflation

Mortality rates were based on PUB-2010 base tables and varies by member category and sex, projected generationally with Scale MP-2018.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Actuarial assumptions (Continued)

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation ¹	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.3%	3.3%	1.1%
Fixed income	29.0%	5.7%	5.6%	3.9%
Global equity	45.0%	8.6%	7.0%	18.2%
Real estate	12.0%	8.1%	6.8%	16.6%
Private equity	11.0%	12.4%	8.8%	28.4%
Strategic investments	2.0%	6.6%	6.2%	8.7%
	<u>100%</u>			
Assumed inflation-Mean			2.4%	1.5%

Note: (1) As outlined in the Plan's investment policy

Discount rate

The discount rate used to measure the total pension liability was 6.70%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Village's proportionate share of the net position liability to changes in the discount rate

The following represents the Village's proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the Village's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

	1% Decrease 5.70%	Current Discount Rate 6.70%	1% Increase 7.70%
Authority/s proportionate share of the net pension liability	\$ 19,568,690	\$ 11,125,116	\$ 4,051,832

Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the pension plan

At September 30, 2024, the Village reported a payable in the amount of \$0 for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2024.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 9 – RETIREMENT PLAN (CONTINUED)

HIS Plan

Plan description

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits provided

For the fiscal year ended September 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2023, the HIS contribution for the period October 1, 2023 through September 30, 2024, was 1.66%. The Village contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Village's contributions to the HIS Plan totaled \$111,401 for the current year.

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At September 30, 2024, the Village reported a liability of \$1,973,849 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The Village's proportionate share of the net pension liability was based on the Village's 2021-2024 fiscal year contributions relative to the 2023-2024 fiscal year contributions of all participating members. At June 30, 2024, the Village's proportionate share was 0.0131%, which was a decrease from its proportionate share measured as of June 30, 2023, of 0.0147%.

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions (Continued)

For the fiscal year ended September 30, 2024, the Village recognized pension expense of \$80,378. In addition the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 19,059	\$ 3,790
Change of assumptions	34,932	233,678
Net difference between projected and actual earnings on FRS pension plan investments	-	714
Changes in proportion and differences between Authority FRS contributions and proportionate share of contributions	261,062	279,297
Authority FRS contributions subsequent to measurement date	23,595	-
	\$ 338,648	\$ 517,479

The deferred outflows of resources related to the HIS Plan, totaling \$23,595 resulting from Village contributions to the HIS Plan subsequent to the measurement date. Contributions made after the measurement date of the net pension liability but before the end of the employer's or governmental nonemployer contributing entity's reporting period will be recognized as a reduction of the net pension liability or collecting net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Fiscal Year End	Deferred Outflows/(Inflows), net
2025	\$ (36,402)
2026	(31,040)
2027	(44,893)
2028	(26,361)
2029	(45,473)
Thereafter	(18,257)
Total	\$ (202,426)

The total pension liability in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.40%
Salary increases:	3.50%, average, including inflation
Municipal bond index	3.93%

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018 tables.

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Discount rate

The discount rate used to measure the total pension liability was 3.93%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Village's proportionate share of the net position liability to changes in the discount rate

The following represents the Village's proportionate share of the net pension liability calculated using the discount rate of 3.65%, as well as what the Village's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease 2.93%	Current Discount Rate 3.93%	1% Increase 4.93%
Authority/s proportionate share of the net pension liability	\$ 2,246,973	\$ 1,973,849	\$ 1,747,111

Pension plan fiduciary net position

Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the pension plan

At September 30, 2024, the Village reported a payable in the amount of \$0 for outstanding contributions to the HIS Plan required for the fiscal year ended September 30, 2024.

Applicable totals for all of the Village's defined benefit pension plans are reflected below:

	FRS	HIS	Total
Village's proportionate share of net pension liability	\$ 11,125,117	\$ 1,973,846	\$ 13,098,963
Deferred outflows of resources	4,230,309	338,648	4,568,957
Deferred inflows of resources	1,564,732	517,479	2,082,211
Pension expense/expenditure	1,606,751	80,378	1,687,129

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS

Description

The Village administers a single-employer defined benefit OPEB plan. The purpose of this plan is to account for the implicit rate subsidy the Village provides to its retirees Florida Statutes require that municipalities provide their retirees access to the same health insurance programs as their current employees at the same rates. Since the inclusion of the retirees results in higher overall health insurance costs to the municipality which cannot be passed on to the retirees, it in effect results in what is called the implicit rate subsidy. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. This is the only post-employment benefit the Village provides to its retirees other than its pension plan.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Description (Continued)

Membership in the plan consisted of the following at September 30, 2024:

Retirees and beneficiaries currently receiving benefits	1
Active employees	128
Total	129

Separate financial statements for the Village's OPEB plan are not available. Funds from the General Fund are used to liquidate the total OPEB liability.

This actuarial valuation involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to constant revision as actual experience is compared with past expectations and new estimates are made about the future.

Calculations are based upon the types of benefits provided under the terms of the substantive plan at the time of the valuation and on the pattern of sharing of costs between the employer and plan members to that point. Calculations reflect a long-term prospective, so methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Benefits Provided

Retirees and their dependents can continue participating in the group insurance plans offered by the Village, but they are required to contribute 100% of the active premiums.

Total OPEB liability of the Village

The Village's total OPEB liability was measured as of September 30, 2023 and was determined by an actuarial valuation as of October 1, 2022, with the actuary using standard techniques to roll forward the liability to the measurement date.

Actuarial assumptions

The total OPEB liability in the October 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Discount rate:	4.91% per annum, this rate was used to discount all future benefit payments and is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.
Salary increases:	3.00% per annum
Cost-of-living increases:	Retiree contributions, health insurance premiums, and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates.
Healthcare cost trend rates:	Increases in healthcare costs are assumed to be 7.00% for the 2022/23 fiscal year graded down by 0.50% per year to 5.00% for the 2026/27 and later fiscal years.
Age-related morbidity:	Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.
Implied subsidy:	Because the insurance carrier charges the same monthly rate for health insurance regardless of age, an implied monthly subsidy of \$700.00 has been assumed at age 65 for the 2022/23 fiscal year; at other ages, the implied subsidy was developed based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare cost trend rates.
Mortality basis:	Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general and public safety employees, with full generational improvements in mortality using Scale MP-2020
Retirement:	Retirement is assumed to occur at age 55 for police officers and at age 60 for general employees.
Other decrements:	Assumed employment termination is based on the Scale 155 table; assumed disability is based on the Wyatt 1985 Disability Study (Class 1 rates are used for general employees and Class 4 rates are used for police officers).
Coverage election:	10% of eligible employees are assumed to elect single coverage at retirement under the high-deductible plan; health coverage is assumed to end upon the attainment of age 65.
COBRA:	Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation, because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.
Changes:	Since the prior measurement date, the discount rate was increased from 4.77% per annum to 4.91% per annum and the implied monthly subsidy at age 65 for the 2022/23 fiscal year was increased from \$645.00 to \$700.00.

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Discount rate

Given the Village’s decision not to fund the program, all future benefit payments were discounted using a municipal bond rate of 4.91%.

Changes in the total OPEB liability for the Village for the year ended September 30, 2024, were as follows:

	Total OPEB Liability
Balance at September 30, 2023	\$ 219,903
Changes for the year:	
Service cost	15,115
Expected interest growth	-
Demographic experience	8,791
Benefit payments and refunds	6,861
Assumption changes	-
Net changes	30,767
Balance at September 30, 2024	\$ 250,670

There were no significant changes in assumptions since the prior measurement date.

The required schedule of changes in the Village’s total OPEB liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about the total OPEB liability.

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the total OPEB liability of the Village, as well as what the Village’s total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.77%) or 1-percentage-point higher (5.77%) than the current discount rate:

	1% Decrease (3.77%)	Rate Assumption (4.77%)	1% Increase (5.77%)
Total OPEB liability	\$ 242,400	\$ 219,903	\$ 200,113

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability of the Village, as well as what the Village’s total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Trend Decrease	Healthcare Cost Trend Rate Assumption (7.50% graded down to 5.00%)	1% Trend Increase
Total OPEB liability	\$ 220,847	\$ 250,670	\$ 287,189

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates (Continued)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 30, 2024, and the current sharing pattern of costs between employer and inactive employees.

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB

For the year ended September 30, 2024, the Village recognized OPEB expense of \$30,767. At September 30, 2024, the Village reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 25,528	\$ 86,365
Change of assumptions	34,503	64,380
Village contributions subsequent to the measurement date	11,918	-
Totals	\$ 71,949	\$ 150,745

The deferred outflows of resources related to the OPEB Plan, totaling \$8,493 resulting from Village contributions to the plan subsequent to the measurement date. Contributions made after the measurement date of the OPEB liability but before the end of the employer's or governmental nonemployer contributing entity's reporting period will be recognized as a reduction of the OPEB or collecting OPEB in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB Plan will be recognized in OPEB expense as follows:

Fiscal Year Ending September 30:	Amount
2025	\$ 8,493
2026	8,493
2027	8,493
2028	8,493
2029	8,493
Thereafter	14,950

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 11 – COMMITMENTS AND CONTINGENCIES

Risk management

The Village is exposed to various risks of loss related to torts, theft of or damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters for which the Village carries insurance through the Florida League of Cities. There were no significant reductions in insurance coverage from the coverage in the prior year. There were no settled claims that have exceeded insurance coverage for each of the past three years.

Litigation

The Village is a defendant in various lawsuits incidental to its operations. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Village's management and legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Contingent liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. In the opinion of management, future disallowances of grant expenditures, if any, would not have a material adverse effect on the Village's financial condition.

Interlocal agreements

On June 17, 1997, the Village entered into an interlocal agreement with Miami-Dade County to passthrough the Village's share of the franchise fee on electricity collected by Florida Power and Light. Under this agreement, the County remitted \$2,009,104 to the Village for the fiscal year ending September 30, 2024. This agreement will be in effect as long as the ordinance establishing the collection of these fees is in place.

On July 17, 2003, the Village entered into another interlocal agreement with Miami-Dade County. Under this agreement, the County remitted \$1,149,928 to the Village for the fiscal year ending September 30, 2024, for the purpose of providing transportation services within the Village. This agreement shall remain in effect as long as the County receives net proceeds from the ½ cent County Transit System Surtax as authorized by Miami-Dade County Ordinance No. 02-116 pursuant to the authority of Section 212.055(1), *Florida Statutes 2002*.

Construction commitments and budget carryovers

There are several ongoing projects and equipment purchases in the various funds of the Village at fiscal year-end. The outstanding commitments and budget carryovers are as follows:

General Fund:

Municipal Center Exterior Painting	\$	79,675
Workstations		65,975

VILLAGE OF PINECREST, FLORIDA
NOTE TO BUDGETARY COMPARISON SCHEDULES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING

An annual appropriated budget is adopted for all of the governmental funds on a basis consistent with accounting principles generally accepted in the United States.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Village Manager submits to the Council a proposed operating and capital budget for the ensuing year. The budget includes proposed expenditures and means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally enacted through the passage of a budget ordinance.
- d. The Village Council, by motion, may make supplemental appropriations for the year up to the amount of revenues in excess of those estimated. There were supplemental appropriations in the General Fund for an additional \$2,116,822 during the fiscal year ended September 30, 2024.
- e. Formal budgetary integration is employed as a management control device during the year for all of the funds.
- f. The Village Manager is authorized to transfer part of, all or an unencumbered appropriation within a department within a fund; however, any revisions that alter the total appropriations of any department or fund must be approved by the Village Council. The Departments are General Government, Police, BPZ (Building, Planning and Zoning), Public Works, and Parks and Recreation. The classification detail at which expenditures may not legally exceed appropriations is at the department level.
- g. Unencumbered appropriations lapse at fiscal year-end. Unencumbered amounts are reappropriated in the following year's budget.

Budgeted amounts are as originally adopted or as amended. Individual type amendments are not material in relation to the original appropriations.

COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Pinecrest, Florida (the "Village"), as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated March 3, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Village's internal control. Accordingly, we do not express an opinion on the effectiveness of Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

Report on the Financial Statements

We have audited the basic financial statements of the Village of Pinecrest, Florida (the Village), as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated March 3, 2025.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 3, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the notes financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Village met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Village did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Village. It is management's responsibility to monitor the Village's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. This assessment has been performed as of the fiscal year end.

Financial Condition and Management (Continued)

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Village Council and management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO SECTION 218.415
FLORIDA STATUTES**

To the Honorable Mayor, Village Council, and Village Manager
Village of Pinecrest, Florida

We have examined Village of Pinecrest, Florida's (the Village) compliance with the requirements of Section 218.415 Florida Statutes during the period of October 1, 2023 to September 30, 2024. Management of the Village is responsible for the Village's compliance with the specified requirements. Our responsibility is to express an opinion on the Village's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Village complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether Village complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village's compliance with specified requirements. In our opinion, the Village complied, in all material respects, with the requirements of Section 218.415 Florida Statutes during the period of October 1, 2023 to September 30, 2024.

This report is intended solely for the information and use of management, the Mayor, the Village Council, others within the Village and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.
