MEMORANDUM
Pinecrest Gardens

DATE: June 28, 2024
TO: Yocelyn Galiano, ICMA-CM, LEED GA, Village Manager
FROM: Cristina Blanco, Pinecrest Gardens Director
RE: Pinecrest Holiday Light Festival “Nights of Lights”

The Village placed a request for proposal in May for the procurement of a holiday light and décor vendor. Nine proposals were submitted and ranked to the top three followed by reference call that help narrow and rank the top vendor recommendation to council.

I hereby respectfully request the approval of the attached resolution authorizing the Village Manager to enter in to an agreement with Plant Professionals, Inc., for the production of Pinecrest’s annual “Nights of Lights” holiday light festival in that takes place at Pinecrest Gardens, in the amount of \$150,000.

	<p>Power is the responsibility of the client. All outlets need to be in working condition upon installation of the lights. Plants Professionals will notify client of any power issues.</p> <p>All trees, shrubs and palms should be trimmed prior to the installation of the lights. Plant Professionals in not responsible for damage to lights and extension cords by the lawn maintenance crew. Any damage will be documented and billed accordingly. We suggest that you notify your maintenance company of the placement of lights and extension cords.</p> <p>Plant Professionals will supply all lights and extension cords. All exterior outlets should have a working GFI circuit breaker with a bubble cover. GFI circuit breakers are notoriously sensitive to water, be it rain or irrigation. There is a reset button on every GFI, which should be reset prior to a repair call. Please note that resetting a GFI breaker with a timer will not result in the lights going on until the timer has activated. We suggest resetting the irrigation timer to allow the irrigation to come on after the lights go off for the night to prevent unnecessary GFI tripping. Repair crews DO NOT work in the rain. Should a 'lights out' call result in the resetting of a GFI, there will be a service charge.</p> <p>Plant Professionals will repair all lighting issues, unless specified otherwise in the contract, within no more than a 72 hour window. However, we are usually able to resolve the issue the same day if the office receives notification early. Repair crews work late into the night, so we ask that you check your lights before you call for a repair. The crew may have completed the repair late at night. It is the client's</p>		

QTY	ACTIVITY	RATE	AMOUNT
-----	----------	------	--------

responsibility to notify the office of any outages, the crews will do a spot check if they are in the area, but we must be aware of a problem in order to fix it.

All holiday lighting begins on October 1st. Lights will be left off until the week of Thanksgiving when a crew will plug in the lights and do any necessary repairs at that time. Should you choose to plug in your lights prior, we will attempt to repair lights, if repairs are needed, but can not guarantee any repairs until after Thanksgiving. All holiday lights will be turned off the second week of January and removed as soon as possible, unless notified otherwise in your contract. Should you have a multi-year contract and void that contract mid term, Plant Professionals will bill the discount afforded on the multi year contract.

TO REPORT A LIGHTING ISSUE PLEASE EMAIL:
 INFO@PLANTPROFESSIONALS.COM.

A representative will contact you with the repair information. Please provide as much detail as possible in the email, including pictures if you have any.

1	20% discount for a 3-year contract -Please note: Plant Professionals would be able to offer a 30% discount for a 4-year contract.	- 49,642.00	-49,642.00
1	50% deposit is due upon execution of this agreement, balance due upon completion of the project.	0.00	0.00
