RE: BCC Engineering piggy-back

---

The Public Works Department was utilizing an on-call professional engineering services for BCC Engineering LLC through a piggyback agreement with the Village of Key Biscayne. This contract has since expired. The Public Works Department would like to continue utilizing a piggy-back contract that was based on a competitively procured contract awarded by City of Sweetwater to BCC Engineering, LLC.

The firm has provided satisfactory and responsive service and is familiar with the Village's infrastructure systems and ongoing projects. Continuing the piggyback contract will maintain project continuity, avoid delays associated with issuing a new RFQ, and eliminate additional administrative and procurement costs.

Staff recommends approval to begin utilizing the piggyback contract under the period of the new agreement.

The services shall be for the types of projects or similar disciplines set forth in the RFQ, and as more particularly described in assigned Work Orders.

2.2 When the need for services for a specific project occurs, the CITY Mayor (or designee) may enter into negotiations with the CONSULTANT for that specific project under the terms and conditions of this Agreement. The CITY shall initiate said negotiations by providing the CONSULTANT with a "Scope of Services Request," requesting from the CONSULTANT a proposal to provide professional services for the specific project. The CONSULTANT shall prepare a proposal which includes those subjects specified in Subsection 2.3 (a) through (g). The CITY Mayor, or their designee, and CONSULTANT shall negotiate the terms of the specific project in accordance with the provisions of Subsection 2.3. The City may also require additional provisions be incorporated into such Work Order in order to comply with restrictions set forth in the funds available for the specific project, including but not limited to additional requirements or limitations imposed for the use of State or Federal funds.

2.3 The CITY and CONSULTANT shall utilize a Work Order as the agreement for each specific project. Each Work Order will, by mutual agreement, set forth, among other things, the following:
